

**Table 1 - Feasibility Study List of Proposed Tables**

Portland Harbor Superfund Site  
Portland, Oregon

February 7, 2014

Recommended Modified Outline	Proposed Table and 2014 FS Table Callout	Tables to be Developed/ Suggested Generator	Table Source (for existing figures)	Notes:
1. Introduction	NA			
1.1 Purpose and Organization of Report	NA			
1.2 Background Information	NA			
1.2.1 Site Description	NA			
1.2.2 Site History	NA			
1.2.3 Nature and Extent of Contamination	Table 1.2-1: Summary Statistics for Contaminants Potentially Posing Unacceptable Risks in Surface and Subsurface Sediment		LWG FS Table 2.2-1	Table needs to be reduced to include only the contaminants in the bulleted list in this section.
	Table 1.2-2: Summary Statistics for Contaminants Potentially Posing Unacceptable Risks in Surface Water		LWG FS Table 2.2-2	Table needs to be reduced to include only the contaminants in the bulleted list in this section.
1.2.4 Contaminant Fate and Transport	NA			
1.2.5 Baseline Risk Assessment	Table 1.2-3: Chemicals Potentially Posing Unacceptable Risks for Human Health		LWG RI - Appendix F: BHHRA Table 1-1	
	Table 1.2-4: COPCs Posing Potentially Unacceptable Ecological Risks within the Portland Harbor Study Area		LWG RI - Appendix G: BERA Executive Summary Table 1-2	
	Table 1.2-5: Chemicals Identified as Most Likely to be Contaminants of Ecological Significance		LWG RI - Appendix G: BERA Executive Summary Table 1-3
